

MOM(11):

-We started the meeting at 2:00 Pm and finished it at 8:00 Pm

\*\*At this meeting:

1- We reconstructed again the sensors to read the inputs correctly.

2- We made the last update on our Arduino code.

3- We faced some errors at the DC motor driver so we started to weld the wire again on it to make it work perfectly.

4- We changed the battery holder as it was damaged when the car worked.
